**PT. Mitsubishi UFJ Lease & Finance Indonesia Opens Bandung Branch**

Mitsubishi UFJ Lease & Finance Company Limited (“MUL”) hereby announces that PT. Mitsubishi UFJ Lease & Finance Indonesia (“MULI”), a subsidiary of MUL in Indonesia, has opened a branch in Bandung. The Bandung Branch is MULI’s second branch in Indonesia following the Surabaya Branch opened in October 2014.

Since establishing a subsidiary in Jakarta in 1995, MUL has provided financing services focusing on mechanical equipment leasing and other activities for over 20 years.

MUL aims to tap into growing demand in Indonesia, which is experiencing high economic growth in the ASEAN region, and expand business opportunities. To this end, MUL is actively working to develop its business through such measures as acquiring an auto lease company, diversifying funding sources with the issuance of Indonesian rupiah-denominated notes, and providing asset management services that attract strong demand in Indonesia.

Located about 150 km southeast of the capital Jakarta, Bandung, home to the Bandung Branch, is the third largest city in Indonesia where the manufacturing and fiber/sewing industries are thriving. As a growing number of domestic and foreign companies are setting up their business there, growth is expected in the region.

Through the establishment of the Bandung Branch, MULI will expand business bases in the West Java area and provide tailor-made services to meet diverse needs of companies in Bandung and the surrounding areas.
