Mitsubishi UFJ Lease & Finance Accelerates Aircraft Business ~ Unification of Global Brand of Aircraft Business ~

Mitsubishi UFJ Lease & Finance Company Limited (“MUL”) has decided to change the company name of MUL Aviation Capital Limited (“MULAC”), an aircraft leasing subsidiary based in Dublin, Ireland, to Jackson Square Aviation Ireland Limited, utilizing the same corporate brand as Jackson Square Aviation, LLC, a U.S. based aircraft leasing company which joined MUL’s group in January 2013, for the purpose of reinforcing the aircraft leasing business with improved customer convenience.

MUL has promoted the business involving global assets, including aircraft, aircraft engines, vessels, containers, freight cars and vehicles as one of its priority strategies, in which high marketability and value on assets can be found and recognized in global markets.

With respect to the aircraft business, since the establishment of the specialized section in 2008, MUL has built the business model mainly for aircraft leasing, including the establishment of MULAC, an overseas subsidiary dedicated for aircraft leasing. In addition, for further business expansion in anticipation of increase in demand for future aircraft, MUL acquired all of the outstanding equity interests of JSA International Holdings L.P., a U.S. based aircraft leasing company which includes Jackson Square Aviation, LLC (“JSA”) in its affiliates, and has promoted the aircraft business strongly through merging the best elements of the business, financial and management platforms of MUL and JSA.

MUL has decided to unify the corporate brand of aircraft business into Jackson Square Aviation, and will seek for improvement of its presence and will further reinforce sales methods. MUL group will own more than 120 aircraft. MUL will further enlarge aircraft business, by aiming to acquire more than 20 aircraft annually in response to the active demand, and will strive to

enhance the functions in the business area, by utilizing the scale and network, as well as maximizing the capability and characteristics which are unique to a comprehensive finance company combined with MUL's flexibility and mobility.
