/ Basic Views on Corporate Governance, Capital Structure, Corporate Profile and Other Basic Information

1. Basic Views

While emphasizing initiatives to achieve sustainable corporate growth and a medium-to long-term improvement in corporate value, MHC aspires to contribute to a more prosperous society by respecting the rights and interests of all of its stakeholders—shareholders, customers, local communities, and employees—and fulfilling their trust in the Company.

With the recognition that it is one of its social responsibilities to ensure transparent and sound management, MHC continues to work on initiatives to enhance corporate governance by boosting the activity of the Board of Directors, reinforcing the Audit & Supervisory Committee and the internal audit system, ensuring timely and appropriate disclosures of information, and actively engaging in investor relations (IR) and other activities.

[Basic Policies]

<Fostering Sound Corporate Culture>

In accordance with Our Vision, which guides all of MHC’s activities, and the Mitsubishi HC Capital Group Code of Ethics and Code of Conduct, which serves as the standard for the decisions and behaviors of all employees, MHC strives to understand the diversity of its various stakeholders including shareholders, customers, local communities, and employees and foster a corporate culture that respects their rights and perspectives and sound corporate ethics.

<Ensuring Appropriate Information Disclosure and Transparency>

MHC conducts proactive and continuous information disclosure in order to be trusted and properly evaluated by each of its stakeholders. It also establishes and appropriately operates internal systems to facilitate the swift and impartial disclosure of accurate information regarding its management policies, business strategies, business activities, financial condition, etc. In addition to the items it is required to disclose pursuant to laws and regulations, it actively and voluntarily discloses non-financial information deemed useful to its stakeholders.

<Ensuring the Rights and Equal Treatment of Shareholders>

MHC takes appropriate steps to ensure that the rights of shareholders are secured and can be exercised effectively and all shareholders including minority shareholders and foreign shareholders are treated equally.

<Constructive Dialogue with Shareholders>

Through events such as General Meeting of Shareholders, financial results briefings, and other domestic and overseas investor relations (IR) events, MHC pursues proactive and constructive dialogue with diverse shareholders. It thereby seeks to gain understanding from shareholders regarding matters such as its business strategies and further enhance corporate governance through dialogue.

<Ensuring Effectiveness of the Board of Directors>

All members of the Board of Directors, including Outside Directors, call upon their experience and insight as they engage in free and open discussions, supporting appropriate risk-taking. In this manner, they adequately fulfill their duties and

responsibilities to achieve the sustainable growth of MHC, medium-to long-term improvement of its corporate value, and enhancement of its capital efficiency.

Outside Directors' Relationship with MHC (2)

* "Reasons for Appointment" were included in the agenda for the appointment of each Outside Director.

Name	Audit & Supervisory Committee Member	Independent Director	Supplementary Explanation of the Relationship	Reasons for Appointment
Yuri Sasaki		○	-	<p>Because Ms. Sasaki has been contributing to the appropriate decision-making and supervision of overall management by the Board of Directors as an Outside Director by utilizing her academic knowledge as a university professor and excellent knowledge and wealth of experience as an international finance researcher, MHC has reappointed her as a candidate for Director.</p> <p>MHC expects her to contribute to appropriate decision-making and supervision of overall management by the Board of Directors as an Outside Director based on her objective perspective, independent from MHC's management team engaged in the execution of business, and also to contribute to the enhancement of the soundness, transparency, and fairness of management as a member of the Governance Committee, Nomination Committee, and Compensation Committee, based on her knowledge and experience described above.</p> <p>(Reasons for designation as an Independent Director)</p> <p>MHC has determined that Ms. Sasaki fulfills the independence standards, and has no risk of conflicts of interest with general shareholders, after comprehensively taking into consideration her current status, past career, and other factors. MHC has therefore newly designated her as an Independent Director.</p>
Kayoko Kawamura		○	<p>Previously, Ms. Kawamura was a Director at IBM Japan, Ltd.</p> <p>There is a transactional relationship between IBM Japan and MHC; however, the amount is less than 1% of the consolidated net sales of IBM Japan and MHC for fiscal year 2023.</p>	<p>Ms. Kayoko Kawamura has a wealth of experience and knowledge in DX, having previously served as a systems engineer and head of application development for financial institutions among other positions at IBM Japan, Ltd., and is currently primarily responsible for supporting digital transformation (DX) for client companies. In addition, since she has experience in the management of corporate organizations as a part-time officer, we have determined that she can contribute to appropriate decision-making and supervision of overall management by the Board of Directors as an independent Outside Director and are therefore appointing her as a new candidate for Director.</p>

				<p>We expect her to use her knowledge to advise us on the promotion of DX, one of our important measures, to contribute to appropriate decision-making and supervision of overall management by the Board of Directors as an independent Outside Director from an objective perspective independent of executive management responsible for executing business and to contribute to the improvement of the soundness, transparency, and fairness of the management of the Company as a member of the Governance Committee, Nomination Committee and Compensation Committee.</p> <p>(Reasons for designation as an Independent Director)</p> <p>MHC has determined that Ms. Kawamura fulfills the independence standards, and has no risk of conflicts of interest with general shareholders, after comprehensively taking into consideration her current status, past career, and other factors. MHC has therefore designated her as a new Independent Director.</p>
Shota Kondo			<p>Mr. Kondo is currently an Executive Vice President of Mitsubishi Corporation, which is MHC's major shareholder. There is a transactional relationship, including lease contracts, between Mitsubishi Corporation and MHC.</p>	<p>MHC has newly appointed Mr. Kondo as a candidate for Director because it has determined that he can contribute to the appropriate decision-making and supervision of overall management by the Board of Directors as an Outside Director based on his practical perspective, by utilizing a wealth of management experience at a major general trading company in Japan and deep knowledge of domestic and overseas businesses.</p> <p>As Mr. Kondo concurrently serves as an Executive Vice President of Mitsubishi Corporation, a major shareholder of MHC, he is not designated as an Independent Director. Mitsubishi Corporation is an important business partner for MHC, with whom it can work together to aim for the improvement of corporate value.</p> <p>Among other positions, including overseas assignments in the U.S., he has served as the General Manager of the Natural Gas Group CEO Office and the General Manager of the Corporate Strategy & Planning Dept. Currently, he serves as the Group CEO of the S.L.C. (Smart-Life Creation) Group. MHC expects to utilize Mr. Kondo's management experience and extensive overall knowledge in Japanese and international businesses for MHC's management and effectively utilize his advice as someone who has served as a chief of business areas of collaboration between Mitsubishi Corporation and MHC. MHC has deemed that this will lead to the improvement of MHC's corporate value and contribute to the enhancement of the interests of all shareholders including minority shareholders.</p> <p>Mr. Kondo has indicated his intention to perform his duties as a Director for the benefit of MHC, not for any specific shareholder. If any item of business posing a conflict of interest between Mitsubishi</p>

				<p>Corporation and MHC is submitted to MHC's Board of Directors, he will participate neither in its deliberations or resolution.</p> <p>MHC expects him to use his knowledge to contribute to the appropriate decision-making and supervision of overall management by the Board of Directors as an Outside Director, and also to contribute to the enhancement of the soundness, transparency, and fairness of management as a member of the Governance Committee, the Nomination Committee, and the Compensation thee.</p>
Hiroyasu Nakata	○	○	-	<p>Mr. Nakata is currently contributing to the appropriate decision-making and supervision of overall management by the Board of Directors as a Director who is not an Audit & Supervisory Committee Member. MHC has newly appointed Mr. Nakata as a candidate for Director (Audit & Supervisory Committee Member) because it has determined that he can contribute to the appropriate decision-making and supervision of overall management by the Board of Directors and neutral and objective auditing as an Outside Director by utilizing his knowledge as a legal expert.</p> <p>MHC expects him to contribute to ensuring the soundness of MHC's management as an Outside Director from an objective perspective, independent from the management members who engage in business execution, by utilizing the aforementioned knowledge. MHC also expects him to contribute to the enhancement of the soundness, transparency, and fairness of management as a member of the Governance Committee, Nomination Committee, and Compensation Committee.</p> <p>(Reasons for designation as an Independent Director)</p> <p>MHC has determined that Mr. Nakata fulfills the independence standards, and has no risk of conflicts of interest with general shareholders, after comprehensively taking into consideration his current status, past career, and other factors. MHC has therefore designated him as an Independent Director.</p>
Hiroko Kaneko	○	○	-	<p>MHC has reappointed Ms. Kaneko as a candidate for Director (Audit & Supervisory Committee Member) as she has been contributing to the appropriate decision-making and supervision of overall management by the Board of Directors and neutral and objective auditing as an Outside Director by utilizing a wealth of experience as a partner at a major audit corporation and a university professor as well as extensive knowledge of accounting as a professional accountant.</p> <p>MHC expects her to contribute to ensuring the soundness of its management as an Outside Director from an objective perspective, independent from the management members who engage in</p>

				<p>business execution, by utilizing the above knowledge. MHC also expects her to contribute to the enhancement of the soundness, transparency, and fairness of management as a member of the Governance Committee, Nomination Committee, and Compensation Committee.</p> <p>(Reasons for designation as an Independent Director)</p> <p>MHC has determined that Ms. Kaneko fulfills the independence standards, and has no risk of conflicts of interest with general shareholders, after comprehensively taking into consideration her current status, past career, and other factors. MHC has therefore designated her as an Independent Director.</p>
Masayuki Saito	○	○	<p>Previously, Mr. Saito was the Representative Director & Executive Vice President of DIC Corporation, however, the amount of transaction between DIC Corporation and MHC was less than 1% of the consolidated net sales of DIC Corporation and MHC for fiscal year 2023.</p>	<p>MHC reappointed Mr. Saito as a candidate for Director (Audit & Supervisory Committee Member) as has been contributing to the appropriate decision-making and supervision of overall management by the Board of Directors and neutral and objective auditing as an Outside Director by utilizing a wealth of management experience and deep knowledge of treasury and accounting divisions at a major manufacturer in Japan.</p> <p>MHC expects him to contribute to ensuring the soundness of MHC's management as an Outside Director from an objective perspective, independent from the management members who engage in business execution, by utilizing the above knowledge. MHC also expects him to contribute to the enhancement of the soundness, transparency, and fairness of management as a member of the Governance Committee, Nomination Committee, and Compensation Committee.</p> <p>(Reasons for designation as an Independent Director)</p> <p>MHC has determined that Mr. Saito fulfills the independence standards, and has no risk of conflicts of interest with general shareholders, after comprehensively taking into consideration his current status, past career, and other factors. Matters relating to the Independence of the Directors and the Employees from the Executive Directors

The majority of MHC's Audit & Supervisory Committee members are Independent Outside Directors and thus its independence is secured.

Audit & Supervisory Committee Office was established to support the Audit & Supervisory Committee. The Office is not subject to instructions from business execution divisions, and its appointed employees support the duties of the Audit & Supervisory Committee.

To secure the effectiveness of instructions given by the Audit & Supervisory Committee to such employees, the prior consent of the Audit & Supervisory Committee is necessary for personnel transfers of such employees or disciplinary action against such employees. With respect to the decisions of personnel evaluations or remuneration, etc. relating to such employees, it is necessary to obtain the prior consent of the members of the Audit & Supervisory Committee who are selected by the Audit & Supervisory Committee.

Cooperation between Audit & Supervisory Committee, Financial Auditors, and Internal Audit Department

MHC makes efforts toward the improvement and operation of a system for effective and efficient auditing, while ensuring that each party remains cautious in so-called three-pillar auditing; that is, auditing by the Audit & Supervisory Committee, auditing by the Accounting Auditor, and internal auditing by the Internal Audit Department.

Audit & Supervisory Committee holds monthly meetings in principle with the Accounting Auditor. It closely cooperates with them by receiving reports on the following items and exchanging opinions about matters of common interest.

- ① Audit plans
- ② Progress and results of audits
- ③ Status of priority audit areas
- ④ Status of internal control concerning financial reports
- ⑤ Selection of candidates for Key Audit Matters (KAM)
- ⑥ Accounting Auditor quality management system
- ⑦ Status of monitoring to ensure independence

The initiatives which were given particular attention by the Audit & Supervisory Committee in its communications with the Accounting Auditor in fiscal year 2023 were as follows.

- ① Committee received reports on the status of overseas subsidiaries' responses to recognized issues in fiscal year 2022 financial results, the progress of auditing procedures, etc. and exchanged opinions.
- ② Committee provided the outcomes of discussions held upon on-site audits overseas with local accounting audit teams, and held opinion exchanges.
- ③ Committee provided requests to the Accounting Auditor which were gained through communication with full-time auditors at domestic Group companies, and held opinion exchanges.

Further, the Audit & Supervisory Committee regularly exchanges information and opinions with the Internal Audit Department in conducting audits. It receives timely and appropriate reports on the following items from the Internal Audit Department and issues instructions as necessary, holds meetings regarding risk awareness, priority audit items, etc., and cooperate with the Department in conducting audits.

- ① Audit plans
- ② The status of audits
- ③ Audit results

In addition, the Audit & Supervisory Committee and the Internal Audit Department collaborated on the following in fiscal year 2023.

- ② Internal Audit Department participated in meetings held by Auditing & Supervisory Committee members with auditors at domestic Group companies

- ③ Full-time Audit & Supervisory Committee members and the Audit & Supervisory Committee Office supported and participated in the Global Audit Conference held by the Internal Audit Department
- ④ Full-time Audit & Supervisory Committee members participated as observers in internal audit review meetings held by the Internal Audit Department

In the communication between the Internal Audit Department and the Accounting Auditor, the Internal Audit Department provides information to the Accounting Auditor about its internal audit plans, the status and results of audits, and other important items, and both parties exchange opinions on pertinent items.

Supplementary Explanation

MHC, based on the understanding that appropriate involvement of Independent Outside Directors is extremely important for resolutions related to nomination and remuneration, has established the Nomination Committee and Compensation Committee, of which Independent Outside Directors comprise the majority.

The Nomination Committee discusses the appointment of Directors, the succession plan for the Representative Director, President & CEO, knowledge, experience, skills, etc. that the Directors should have, and other matters.

The Compensation Committee regularly monitor the Directors' remuneration system of MHC in comparison with the market standard by using an external specialized agency, and discusses policies, etc. concerning the systems, standards, etc. for Directors' remuneration.

The members and the chairperson of each committee shall be selected by the Board of Directors, and items discussed in the committees shall be resolved by a majority of committee members in attendance. It is stipulated in internal rules that the Board of Directors shall make decisions in deference to decisions made by the committees.

Furthermore, MHC has established the Governance Committee which serves as an advisory body for the Board of Directors in order to extensively exchange opinions on the improvement of effectiveness of the Board of Directors and other matters related to the Board of Directors, etc. The Committee is working to increase the soundness, transparency, and fairness of MHC's management.

For the status of each committee's activities, please refer to [Status of Activities of the Board of Directors, Audit & Supervisory Committee, and Other Committees (Frequency of Meetings, Specific Discussion Items, Attendance of Directors and Committee Members)] (page 36).

[Incentives]

Implementation of Incentive Policies for Directors

Performance-based compensation plan

Supplementary Explanation

MHC provides bonuses to Directors as short-term incentive compensation (performance-based monetary compensation) and MHC shares, etc. as medium- to long-term incentive compensation (performance-based stock compensation).

In fiscal year 2023, MHC newly introduced the BIP (Board Incentive Plan) trust, which is closely linked to the medium- to long-term performance of MHC and high in both transparency and objectivity, in place of its former stock compensation system, the stock option system. The BIP trust is intended to further increase Directors’ willingness to contribute to expanding MHC’s corporate value over the medium- to long-term, and to share the benefits and risks of stock price fluctuations with shareholders.

For details, please refer to III-6. “Policies and Procedures for Determining Remuneration of Directors and Management Members (principle 3.1 (iii))” (page 43) in III. “Remuneration of Directors and Management Members in “Efforts on the Principles of the Corporate Governance Code.”

Policy on determining Remuneration Amounts and Calculation Manners

Established

Disclosure of Policy on determining Remuneration Amounts and Calculation Manners

(1) Basic Policy

- MHC's officers' remuneration is determined by also taking into account officers' incentives, with a view toward increasing corporate value through the execution of business strategies.
- The level of remuneration is appropriate with respect to the roles and responsibilities of each officer, and is also based on market levels, from the viewpoints of increasing medium- to long-term corporate value and improving short-term business performance.

(2) Remuneration System for Directors

- In principle, Executive Directors' remuneration, etc., consists of base remuneration, short-term incentive compensation (performance-based monetary compensation), and medium-to long-term incentive compensation (performance-based stock compensation). As short-term incentive compensation, cash is paid as a bonus, while medium-to long-term incentive compensation is paid as provision of MHC's shares, etc. in a trust framework.
- With a view toward maintaining a sound performance-based ratio, the ratio of fixed remuneration (base remuneration) to floating compensation (bonus and stock compensation) is generally set at 1:0.6 (the ratio of base remuneration to bonus to stock compensation is generally set at 1:0.3:0.3).
- Bonuses and stock compensation, which represent incentive compensation, are not paid to non-executive directors excluding persons who are Audit & Supervisory Committee Members) from the standpoint of ensuring the effectiveness of their supervisory functions, and to Directors who are Audit & Supervisory Committee members from the standpoint of ensuring the fairness of audits.

For details, please refer to III-6. “Policies and Procedures for determining Remuneration of Directors and Management Members (principle 3.1 (iii))” (page 43) in III. “Remuneration of Directors and Management Members” in [Efforts on the Principles of the Corporate Governance Code.]

[Supporting System for Outside Directors (Outside Audit & Supervisory Committee Members)]

- The General Affairs Department and the Audit & Supervisory Committee Office are mainly responsible for duties such as transmitting information and sending documents to Outside Directors.
- As a general rule, documents are sent in advance, with the relevant departments providing prior explanations of particularly important proposals.
- The Audit & Supervisory Committee Office, which assists all Directors who are Audit & Supervisory Committee Members, including Outside Directors, with their duties, has been established to support the Audit & Supervisory Committee.
- Each year, all Directors conduct a review and evaluation of the Board of Directors over the previous year. In addition, discussions attended only by Independent Outside Directors are held regularly, and in the event that an issue, etc. is raised there, it will be appropriately responded to and improved.

[Materiality]

MHC has identified the following six materiality issues as priority key challenges which must be addressed to achieve the sustainable development of the Group. The Basic Sustainability Policy consists of and integrates "Our Mission," "Our Vision," and the materiality. In light of the significance of these materiality issues, the Group will proceed with effective management and business activities aimed at solving the issues.

<Materiality of Mitsubishi HC Capital Group>

- ① Promote a decarbonized society
- ② Realize the circular economy
- ③ Establish resilient social infrastructure
- ④ Realize healthy lifestyles that promote positive wellbeing
- ⑤ Create businesses utilizing the latest technologies
- ⑥ Collaborate with partners locally and globally

Please refer to MHC's website for details of our efforts on materiality.

<https://www.mitsubishi-hc-capital.com/english/sustainability/materiality.html>

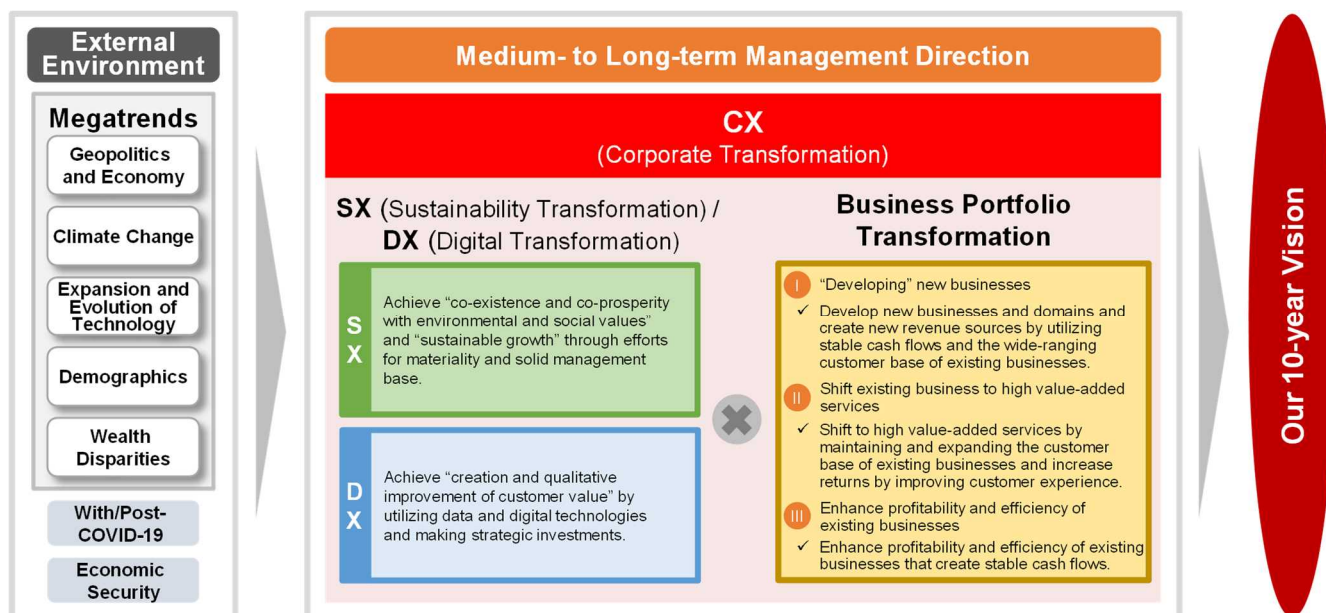

Materiality	Why the Group treats as highly material challenges	How related to SDGs
Promote a decarbonized society	<ul style="list-style-type: none"> Efforts to realize a decarbonized society have been globally recognized as an urgent issue, and the Group can significantly contribute to solving this challenge through its services and solutions, such as renewable energy investment and EV promotion. The impact on the business side is large and significant, involving matters including distinguishing activities that go against the social issues. 	 
Realize the circular economy	<ul style="list-style-type: none"> The Group aims to contribute to creating a circular economy by reducing waste, not only within the Group but also in society through maximizing the potential of assets. As a leader in the leasing industry, the Group believes this issue is highly material. The Group can also contribute to realizing a sustainable and prosperous society through strengthening the collaboration between partners. 	   
Establish resilient social infrastructure	<ul style="list-style-type: none"> The Group recognizes that the business has many opportunities to support infrastructure projects in Japan that require repair and rebuilding, as well as the development of infrastructure and creation of smart cities in emerging countries with active collaboration between various partners. The Group will contribute to the diversification, enhancement and optimization of the business through establishing systems and providing services for supporting the collaboration between companies. 	 
Realize healthy lifestyles that promote positive wellbeing	<ul style="list-style-type: none"> It is vital for stakeholders that the Group recognizes the importance of health, safety, and physical and mental wellbeing for realizing a prosperous future. Valuable human resources are key to the value and trust in our corporate activities. Improving employee motivation, acquiring top talent, and similar actions are highly important. 	  
Create businesses utilizing the latest technologies	<ul style="list-style-type: none"> Both financing for the purpose of the digital transformation of customers and using internal digital technologies to increase the efficiency for this promote the development for new business models. The Group identifies this for highly material opportunities for diversified and innovative business creation, including establishing supply chains utilizing alternative energies. 	 
Collaborate with partners locally and globally	<ul style="list-style-type: none"> Social issues differ by country and region. The Group should create synergies with local partners and find new opportunities inside and outside of Japan, meeting individual needs through community based efforts. The Group can realize mutual benefits in developing society by utilizing its integrated capabilities.

It also formulated the following Medium-to Long-term Management Direction toward achieving Our 10-year Vision.

MHC will promote CX (Corporate Transformation) by organically combining SX: Sustainability Transformation / DX: Digital Transformation through efforts for materiality, utilization of data and digital technologies, and so on, and a business portfolio transformation for achieving the optimum portfolio.

[Initiatives for achieving Management with Awareness of Capital Cost and Share Price] [Last updated on May 24, 2024]

The Group believes that management with awareness of return on capital is important in order to achieve sustainable growth and the enhancement of medium- to long-term corporate value. Based on this, MHC will move forward with investment in research and development which leads to the creation of intellectual property and intangible assets, investment in human capital and facilities, sustainability transformation (SX), digital transformation (DX), business portfolio transformation, and other efforts. Through these initiatives, MHC will realize the appropriate allocation of its management resources. In addition, it will aim to enhance its medium- to long-term corporate value by achieving an optimal balance sheet based on well-balanced growth potential, return on capital, and financial soundness.

Following its business integration in April 2021, MHC has formulated the Medium- to Long-term Management Direction (announced on May 16, 2022) and the Medium-term Management Plan for FY2023-FY2025 ("2025 MTMP") (announced on May 15, 2023), through discussions at internal meetings and Board of Directors meetings. With the understanding that it is essential to achieve profitability which constantly exceeds capital cost for the improvement of its market evaluation, including PBR, the Board of Directors discussed the level of ROE which MHC aims to achieve in the medium- to long-term as part of Our 10-year Vision. In terms of financial strength, MHC has discussed a balance sheet necessary for the "achievement of ROE that continues to exceed the cost of shareholder equity with an increase to absolute profit," rather than simply from the perspective of profit and loss statements, and has also had discussions on non-financial capital. Based on these discussions, it set a goal of an ROE of approximately 10% for the end of fiscal year 2025. The 2025 MTMP is positioned as the "hop" plan of the three Medium-term Management Plans ("hop," "step," and "jump") toward Our 10-year Vision ("Together we innovate, challenge and explore the

frontiers of the future”). MHC will address “sowing seeds” and “gaining a solid foothold” leading to a leap to the “step” and “jump” plans.

Considering that theoretically PBR is calculated as $\text{expected ROE} \times \text{expected PER} = \text{expected ROE} \times 1/(r-g)$ (r: cost of shareholder equity, g: expected profit growth rate), first, in order to achieve a PBR of 1.0 or higher, MHC will “foster expectations of growth from the market” by “achieving ROE that continues to exceed the cost of shareholder equity with an increase to absolute profit”, and increase its PER by maintaining these expectations. Next, it will further increase PER by “expanding financial capital through the accumulation of non-financial capital,” “reducing the cost of shareholder equity by an appropriate engagement strategy,” etc. Because these factors are mutually related, promoting the efforts above in a unified manner will lead to the enhancement of MHC’s corporate value including the constant increase of its PBR.

The following are items contained in the 2025 MTMP that will lead to the enhancement of corporate value.

■ **Statements regarding “achieving ROE that continues to exceed the cost of shareholder equity with an increase to absolute profit” and “fostering expectations of growth from the market”**

In addition, considering that theoretically $\text{PBR} = \text{expected ROE} \times \text{expected PER}$, we will focus on and address the initiatives below to enhance our PBR from the two perspectives of ROE and PER.

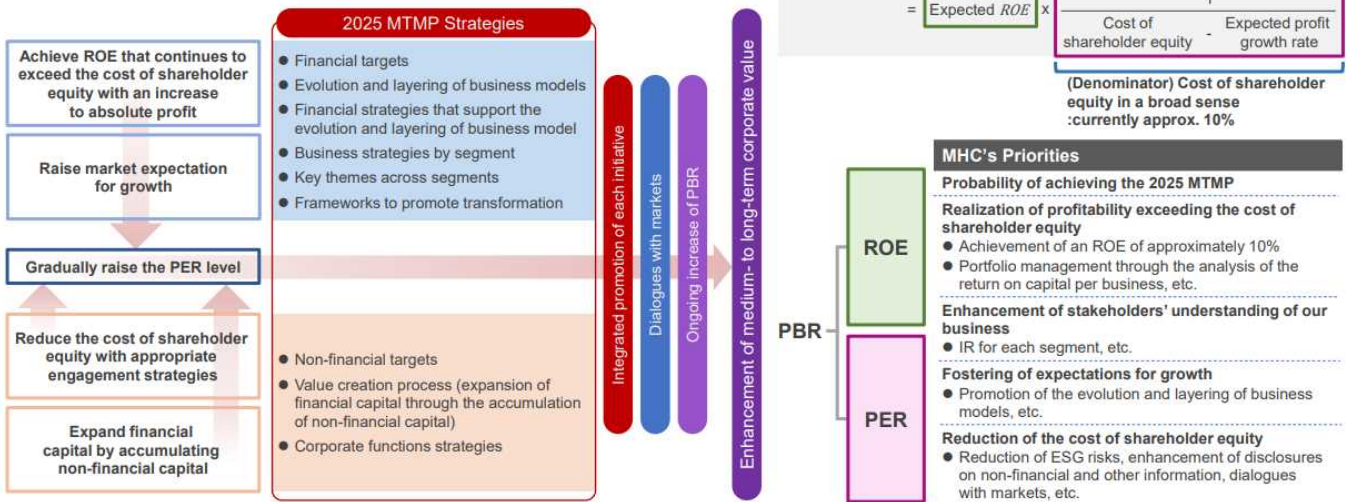

- With the understanding that our current cost of shareholder equity is approximately 10%, as one of our financial targets in the 2025 MTMP, we are aiming for an ROE of approximately 10%, and will work to improve this probability.
- In order to increase profitability, we will promote portfolio management, including the replacement of assets, as well as new investments, and optimization of risk and return, in consideration of the strategies and risk factors at each business.
- We will work on improving our evaluation from the market through the evolution and layering of business models, that is to say, promoting the shift from conventional, simple leasing and financing to high value-added, high ROA businesses, and achieving growth by not simply staying on conventional paths.
- We will work on reducing the cost of shareholder equity through the reduction of ESG risks and dialogues based on our disclosed information, among other methods.
- Beginning in FY2024, we will be conducting business-specific IR briefings, among other initiatives, aiming to increase stakeholders’ understanding of our business.

The following figure explaining the initiatives above is also included in the “Initiatives for the Medium- to Long-term Enhancement of Corporate Value” on page 1 of the Progress of the Medium-term Management Plan (2025 MTMP) — as of the Time of the Financial Results Briefing for FYE3/2024 on our website, so please also refer to this material.

https://www.mitsubishi-hc-capital.com/pdf/english/investors/mp_en_2024-2025.pdf

- ✓ Aim to enhance medium- to long-term corporate value through the achievement of ROE that continues to exceed the cost of shareholder equity and the enhancement of PER by fostering expectations for growth and reducing the cost of shareholder equity. With the achievement of the goals of the 2025 MTMP as a milestone, we will appropriately report on our progress to markets and engage in dialogues.

Relationship between the Road to Enhancement of Corporate Value and the 2025 MTMP

I-4 Basic Views and Policies on Corporate Governance (Principle 3.1 (ii))

(Repost of page 1)

While emphasizing initiatives to achieve sustainable corporate growth and a medium-to long-term improvement in corporate value, MHC aspires to contribute to a more prosperous society by respecting the rights and interests of all of its stakeholders—shareholders, customers, local communities, and employees—and fulfilling their trust in the Company.

With the recognition that it is one of its social responsibilities to ensure transparent and sound management, MHC continues to work on initiatives to enhance corporate governance by boosting the activity of the Board of Directors, reinforcing the Audit & Supervisory Committee and the internal audit system, ensuring timely and appropriate disclosures of information, and actively engaging in investor relations (IR) and other activities.

[Basic Policies]

<Fostering Sound Corporate Culture>

In accordance with Our Vision, which guides all of MHC's activities, and the Mitsubishi HC Capital Group Code of Ethics and Code of Conduct, which serves as the standard for the decisions and behaviors of all employees, MHC strives to understand the diversity of its various stakeholders including shareholders, customers, local communities, and employees and foster a corporate culture that respects their rights and perspectives and sound corporate ethics.

<Ensuring Appropriate Information Disclosure and Transparency>

MHC conducts proactive and continuous information disclosure in order to be trusted and properly evaluated by each of its stakeholders. It also establishes and appropriately operates internal systems to facilitate the swift and impartial disclosure of accurate information regarding its management policies, business strategies, business activities, financial condition, etc. In addition to the items it is required to disclose pursuant to laws and regulations, it actively and voluntarily discloses non-financial information deemed useful to its stakeholders.

<Ensuring the Rights and Equal Treatment of Shareholders>

MHC takes appropriate steps to ensure that the rights of shareholders are secured and can be exercised effectively and all shareholders including minority shareholders and foreign shareholders are treated equally.

<Constructive Dialogue with Shareholders>

Through events such as general shareholders meetings, financial results briefings and other domestic and overseas investor relations (IR) events, MHC pursues proactive and constructive dialogue with diverse shareholders. It thereby seeks to gain understanding from shareholders regarding matters such as its business strategies and further enhance corporate governance through dialogue.

<Ensuring Effectiveness of the Board of Directors>

All members of the Board of Directors, including Outside Directors, call upon their experience and insight as they engage in free and open discussions, supporting appropriate risk-taking. In this manner, they adequately fulfill their duties and responsibilities to achieve the sustainable growth of MHC, medium-to long-term improvement of its corporate value and enhancement of its capital efficiency.

II Structure and Effectiveness of the Board of Directors

II-1 Scope of Delegation to Management (Supplementary Principle 4.1.1)

As a company with an audit & supervisory committee, MHC delegates business execution decisions to the Executive Committee within an appropriate scope, a body which will deliberate and decide on important management matters, and expedites the decision-making process, with the aim of strengthening the supervisory functions of the Board of Directors. In addition, MHC has adopted an executive officer system, in order to further enhance and invigorate the functions of the Board of Directors by clarifying the responsibilities related to the execution of business.

Executive Committee is composed of the President & CEO, Deputy President, and Executive Officers separately specified by the President & CEO. The Committee will hold deliberations and make decisions on important matters, including the business management of the Group, in addition to conducting preliminary deliberations on matters that are to be submitted to the Board of Directors to facilitate decision-making by the Board of Directors.

[Initiatives to further enhance the supervisory functions of the Board of Directors]

In order to further accelerate decision-making in management and secure time for the Board of Directors' deliberations on important matters, following multiple discussions at the Governance Committee with Independent Outside Directors, revisions dated October 1, 2023 were made to the standards for items to be submitted to and authorized by the Board of Directors, and the scope of responsibilities entrusted to the Executive Committee, etc. were expanded.

II-2 Views on the Appropriate Balance of Knowledge, Experience and Skills, Diversity, and size of the Board of Directors as a whole (Supplementary Principle 4.11.1)

MHC assumes that the Board of directors shall possess skills in “overall management,” “finance,” “financial accounting,” “legal affairs, compliance, and risk management,” “global business”, “IT and DX” and other areas, in view of the business lineup.

MHC recognizes that diversity of Directors is important for purposes of strengthening the function of the Board of Directors, and that gender, nationality, and race are factors which should be considered.

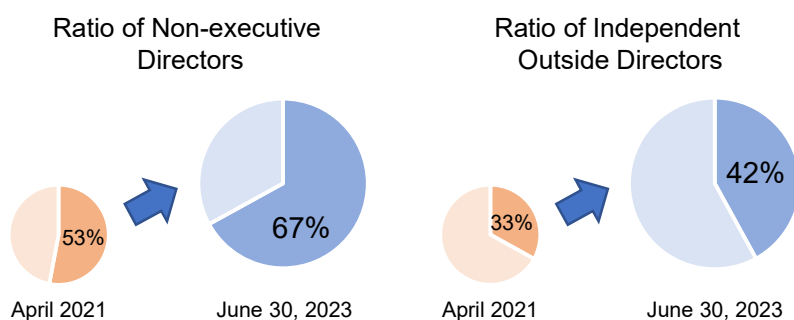

On the other hand, MHC believes that it is not necessarily desirable, for purposes of strengthening the functions of the Board of Directors, to elect a Director with a certain attribute merely to comply with formal and external diversity requirements even when they lack the qualities and abilities that are required for the role.

Therefore, MHC believes, as a desirable way of achieving diversity within MHC, that it is necessary to consider whether such Director is expected to perform the necessary skills and possesses the ability in light of the respective management environment as a top priority, and electing a desirable person without restrictions on gender, nationality, race, age, career, etc. Based on such a view, MHC will continue to determine the appropriate composition of the Board of Directors.

Currently, it assumes that MHC's Board of Directors consists of Directors from a variety of business categories and industries, and has an appropriate number of members to ensure a balanced composition of appropriate skills and diversity.

Although no foreign Director has been elected, MHC acknowledges that the Board of Directors has been performing a sufficient supervisory function, as it has elected several Directors who possess a wealth of international business experience, and has received valuable opinions on global business development.

II-3 Overview of each Organization, Status of Activities, etc.

1. Matters concerning the Board of Directors

MHC implements a system to manage and operate business in line with the basic policy decided by the Board of Directors. Each Outside Director has qualities appropriate for their positions, giving the Board of Directors a set of diversified and sufficient skills.

In addition, for timely, appropriate, and smooth provision of information particularly to Outside Directors, the General Affairs Department serves as the secretariat for the Board of Directors, and the Audit & Supervisory Committee Office has been established to assist the duties of the Audit & Supervisory Committee.

Each year, all Directors conduct a review and evaluation of the Board of Directors over the previous year. In addition, discussions attended only by Independent Outside Directors are held regularly, and in the event that an issue, etc. is raised there, it will be appropriately responded to and improved.

2. Matters concerning the Governance Committee, Nomination Committee, and Compensation Committee

MHC has established the Governance Committee, which consists of the Outside Directors, Representative Directors, etc., and has exchanged a wide range of opinions on the improvement of the Board of Directors' effectiveness and other matters regarding the Board of Directors, in order to work on the improvement of the soundness, transparency, and fairness of MHC's management.

MHC has also established the Nomination Committee and Compensation Committee, of which Independent Outside Directors comprise the majority, as advisory bodies of the Board of Directors.

Please refer to II-1. [Establishment of Voluntary Committees] (page 10) of this report for the overview of each committee.

3. Matters concerning Business Execution

As a company with an audit & supervisory committee, MHC delegates business execution decisions to the Executive Committee within an appropriate scope, a body which will deliberate and decide on important management matters, and expedites the decision-making process, with the aim of strengthening the supervisory functions of the Board of Directors. In addition, MHC has adopted an executive officer system, in order to further enhance and invigorate the functions of the Board of Directors by clarifying the responsibilities related to the execution of business.

The Executive Committee, a body which will deliberate and decide on important management matters, is composed of the President & CEO, Deputy President, and Executive Officers separately specified by the President & CEO. The Committee will hold deliberations and make decisions on important matters, including the business management of the Group, in addition to conducting preliminary deliberations on matters that are to be submitted to the Board of Directors to facilitate decision-making by the Board of Directors.

4. Status of Audits

(1) Department in charge of Internal Audits

MHC has established the Internal Audit Department as a department in charge of internal audits. In order to ensure independence and objectiveness, the Internal Audit Department adopts a structure under which its members do not concurrently perform the operations of business execution divisions.

The Internal Audit Department systematically implements internal audits based on an annual audit plan, and reports the audit results to the Representative Directors, the Board of Directors, and the Audit & Supervisory Committee.

With regard to findings that require improvement, for which guidance was provided to the divisions subject to audits (important findings), those divisions are to report the results of improvement to the General Manager of the Internal Audit Department, and the Internal Audit Department reports the important findings to Representative Directors, in order to ensure the effectiveness of the audit.

In addition, the General Manager of the Internal Audit Department builds collaborative relationships with MHC's Audit & Supervisory Committee, auditors, accounting auditors, etc. of Group companies, on a regular basis and as necessary, such as by exchanging relevant information with them, and works to ensure the efficient implementation of the audit.

(2) Audit & Supervisory Committee

The Audit & Supervisory Committee comprises a total of four persons, including three Independent Outside Directors (part-time Audit & Supervisory Committee members) and one Internal Director (a full-time Audit & Supervisory Committee member).

Through the following activities, the Audit & Supervisory Committee works to conduct objective and effective audits from an independent position.

Major Audit & Supervisory Committee Activities

The major activities of full-time Audit & Supervisory Committee members are as follows. The results of these activities are reported to the Audit & Supervisory Committee, or shared with part-time Audit & Supervisory Committee members, increasing the effectiveness of the Audit & Supervisory Committee's activities.

Full-time Audit & Supervisory Committee members collect wide-ranging information by attending major meetings, confirming important documents, and collaborating with the Internal Audit Department and internal control departments. They report on important matters to external Audit & Supervisory Committee members, and for particularly important matters, they issue instructions for additional reporting to related parties to include such matters in agenda items for the Audit & Supervisory Committee.

Organically combining the resolute independence of external Audit & Supervisory Committee members with the information gathering capabilities of internal Audit & Supervisory Committee members serves to enhance the effectiveness of the Audit & Supervisory Committee's activities. Matters recognized through these activities are appropriately communicated to business execution divisions, and advice is given as necessary.

Audit & Supervisory Committee Members and Outside Directors who are not members of the Audit & Supervisory Committee are able to collaborate as necessary through exchanging information at Board of Directors meetings and Governance Committee meetings, etc. Further, the effectiveness of Audit & Supervisory Committee activities is enhanced through discussions among Independent External Directors alone.

(3) Accounting Auditor

Accounting audits are implemented by Deloitte Touche Tohmatsu LLC in collaboration with the Audit & Supervisory Committee and the Internal Audit Department, based on an audit agreement, and in conjunction with matters such as the provision of relevant information by the internal control offices.

The Company (then Diamond Lease Company Limited) concluded an audit agreement with Deloitte Touche Tohmatsu LLC (then Nishikata Audit Corporation) in 1980. Subsequently, after changing its trade name to Mitsubishi UFJ Lease & Finance Company Limited by merging with UFJ Central Leasing Co., Ltd. in April 2007, and to Mitsubishi HC Capital Inc. by merging with Hitachi Capital Corporation in April 2021, it has maintained the audit agreement with Deloitte Touche Tohmatsu LLC.

Certified public accountants that performed the accounting audit operations of MHC in fiscal year 2023 were Mr. Motohiro Shimizu, Mr. Masashi Tsurumi, and Mr. Aki Saito, who are Designated Limited Liability Partners and Engagement Partners of Deloitte Touche Tohmatsu LLC.

In addition, 14 certified public accountants and 40 other staff members were involved in the audit operations above, in assistant roles.

The Audit & Supervisory Committee establishes standards for appointing and evaluating the Accounting Auditor in consideration of the present status of MHC as it expands globally, and every fiscal year conducts evaluations of the Accounting Auditor based on these standards and confirms the appropriateness of reappointing the Accounting Auditor. The major standards used in appointments and evaluations are as follows.

- ① Independence of the Accounting Auditor
- ② Auditing ability
- ③ Quality management
- ④ Ability to handle a global network

II-4 Overview and Results of Analysis and Assessment of the Effectiveness of the Board of Directors (Supplementary Principle 4.11.3)

MHC has continued efforts to further improve the effectiveness of the activities of the Board of Directors based on reviews and assessments by all of the Directors on their activities throughout the year for the purpose of maintaining and enhancing the functions of the Board of Directors. Response to issues of fiscal 2022 and an overview of the assessment of the effectiveness of the Board of Directors for fiscal 2023 are as follows:

Summarized the evaluation of the effectiveness in fiscal 2023.
Results	<p>The major results of the assessment above are shown below:</p> <ol style="list-style-type: none"> It was determined that MHC's Board of Directors, etc. are sufficiently performing their roles. <ul style="list-style-type: none"> Following the review of the standards for items to be submitted to the Board of Directors in October 2023, lively discussions were held in the latter half of the fiscal year because it became possible to use more time for deliberation over important agenda items. This led to fostering mutual understanding and common awareness among Directors. Information has been provided to Outside Directors in various forms, and opinions have been exchanged in an atmosphere where it is easy to exchange questions and opinions. Effective measures have been implemented to solve all of the issues that were recognized in the previous effectiveness assessment. For example, Directors' understanding of business was enhanced through meetings of Independent Outside Directors only, visits to domestic and overseas offices, etc. Substantial deliberation has been conducted with the Governance Committee, Nomination Committee, and the Compensation Committee based on appropriate provision of information. Meanwhile, it has been recognized that there is room for improvement in matters (themes) to be discussed in the Board of Directors, Governance Committee, Nomination Committee, and the Compensation Committee, the contents of materials and explanations to further enhance the effectiveness of the Board of Directors, etc., information provision frameworks, further enhancement of communication, and other matters. We will address the further enhancement of corporate governance by steadily implementing efforts to resolve every issue.

II-5 Training Policy for Directors (Supplementary Principle 4.14.2)

MHC provides briefings on matters including the corporate mission, business conditions, and corporate governance to newly-appointed Outside Directors. After taking office, Directors are given information on training opportunities such as seminars held by external organizations on the latest corporate governance trends, digital transformation, and sustainability.

In addition, Outside Directors have fostered cooperation by exchanging and sharing a variety of information through opinion exchange meetings, in which only the Governance Committee, which serves as an advisory body to the Board of Directors, and Outside Directors participate.

MHC bears the full cost related to the training of Directors.

III Nomination and Compensation of Directors

III-1 Policies and Procedures for Appointment and Dismissal of Directors (Principle 3.1 (iv))

The Board of Directors resolves the appointment of candidates to serve as Directors after the Nomination Committee, of which Independent Outside Directors comprise the majority, holds discussions in advance based on the selection standards described below. The Board of Directors also resolves the appointment of candidates to serve as Directors who are also Audit & Supervisory Committee Members after the Nomination Committee discusses it and the Audit & Supervisory Committee agrees to it.

In addition, if Directors are found to meet the dismissal standards described below, their dismissal is deliberated by the Nomination Committee in a timely manner and decided by the Board of Directors.

Regarding the nomination of Director candidates, MHC makes a decision after consideration of the situation surrounding the concurrent posts, and consideration of whether such candidate could sufficiently perform their expected duties as Company Director.

MHC considers that current Directors put sufficient time and effort into their work to fulfill their respective roles and responsibilities appropriately.

III-5 Establishment of Independent Nomination Committee and Compensation Committee (Supplementary Principle 4.10.1)

MHC has established the Nomination Committee and Compensation Committee as advisory bodies to the Board of Directors with a view to strengthening the independence, objectivity, and accountability of the functions of the Board of Directors regarding matters including the nomination and compensation of Directors.

The Nomination Committee discusses the appointment of Directors, the succession plan for the President & CEO, the knowledge, experience, skills, etc. that the Directors should have, and other matters.

Compensation Committee regularly monitors the Directors' remuneration system of MHC in comparison with the market standard by using an external specialized agency, and discusses policies concerning the systems, standards, etc. for Directors' remuneration.

Members of the Nomination Committee and Compensation Committee shall be selected by the Board of Directors, and items discussed in the committees shall be resolved by a majority of committee members in attendance. It is stipulated in internal rules that the Board of Directors shall make decisions in deference to decisions made by the committees.

Furthermore, MHC has established the Governance Committee, which consists of the Outside Directors, Representative Directors, etc., and has exchanged a wide range of opinions on the improvement of the Board of Directors' effectiveness and other matters regarding the Board of Directors, in order to work on the improvement of the soundness, transparency, and fairness of MHC's management.

For the status of each committee's activities, please refer to [Status of Activities of the Board of Directors, Audit & Supervisory Committee, and Other Committees (Frequency of Meetings, Specific Discussion Items, Attendance of Directors and Committee Members)] (page 36).

III-6 Policies and Procedures for determining Remuneration of Directors and Management (Principle 3.1 (iii))

1. Basic Policy

- MHC's officers' remuneration is determined by also taking into account officers' incentives, with a view toward increasing corporate value through the execution of business strategies.
- The level of remuneration is appropriate with respect to the roles and responsibilities of each officer, and is also based on market levels, from the viewpoints of increasing medium- to long-term corporate value and improving short-term business performance.

According to the basic policy above, MHC's Board of Directors has resolved the policies on the remuneration, etc. of individual Directors (excluding persons who are Audit & Supervisory Committee Members).

The remuneration, etc. of Executive Officers shall be handled in the same manner as the remuneration, etc. of Executive Directors.

2. Remuneration System

- In principle, Executive Directors' remuneration, etc., consists of base remuneration, short-term incentive compensation (performance-based monetary compensation), and medium-to long-term incentive compensation (performance-based stock compensation). As short-term incentive compensation, cash is paid as a bonus, while medium-to long-term incentive compensation is paid as provision of MHC's shares, etc. in a trust framework.
- With a view toward maintaining a sound performance-based ratio, the ratio of fixed remuneration (base remuneration) to floating compensation (bonus and stock compensation) is generally set at 1:0.6 (the ratio of base remuneration to bonus to stock compensation is generally set at 1:0.3:0.3).
- Bonuses and stock compensation, which represent incentive compensation, are not paid to non-executive directors including Outside Directors (excluding persons who are Audit & Supervisory Committee Members) from the standpoint of ensuring the effectiveness of their supervisory functions.

① Fixed Remuneration

The amount of fixed remuneration is determined based on the amount corresponding to the position and comprehensive consideration of the roles, responsibilities, and other factors of each Director.

② Floating Compensation

With respect to bonuses and stock compensation, financial indicators which are emphasized as indicators of MHC's growth from the perspective of management strategy, are set as indicators (key performance indicators, or "KPIs") for the company-wide performance evaluation, with a view to clarifying the relationship between business performance and remuneration. (KPIs and evaluation ratios are as shown in the Remuneration System for Executive Officers (on page 46))

[Bonuses]

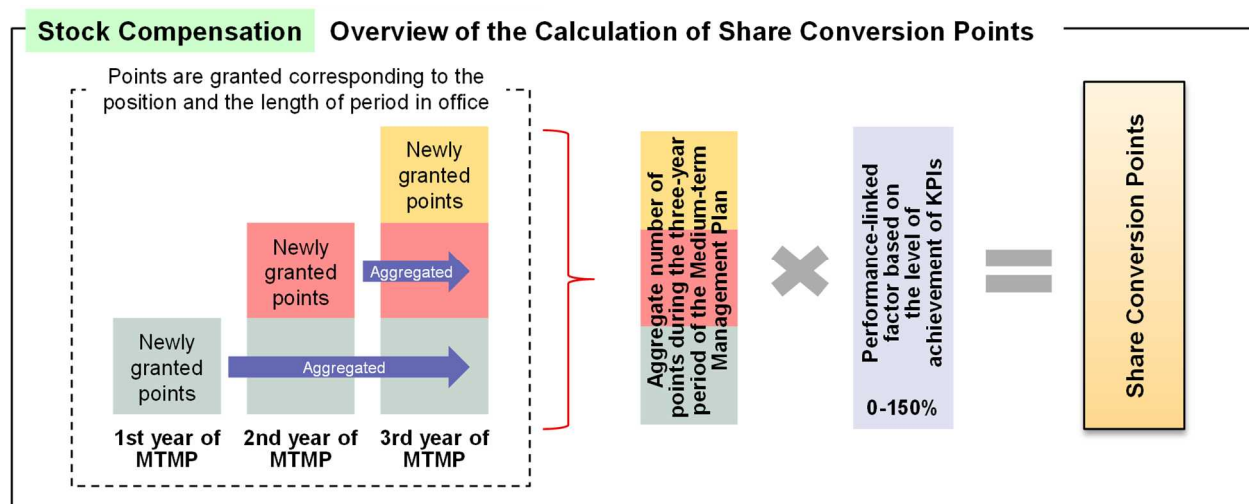

- (1) The net income attributable to owners of the parent, (2) ROA, and (3) ROE, which have been set as MHC's numerical goals, are set as KPIs for the company-wide performance evaluation.
- The bonus of Representative Directors is fully linked to the company-wide performance evaluation, while the bonus for other Executive Directors is based 70% on the company-wide performance evaluation and 30% on the evaluation of the duties for which each individual is responsible. For both positions, the amount of bonuses to be paid is determined within the range of 0% to 150% of the standard amount based on the achievement rate of KPIs.
- For the portion based on the responsible duties, quantitative and qualitative evaluations are conducted by the President & CEO, using a standard evaluation sheet, from the perspective of performance and the level of contribution regarding the duties handled by the relevant Executive Director. The purpose is to enhance the incentive of each Director by appropriately evaluating not only the level of achievement of performance targets, but also results, such as the level of contributions, which cannot be evaluated by quantitative means alone.

[Stock Compensation]

- From the perspective to increasing its medium- to long-term corporate value, (1) net income attributable to owners of the parent, (2) ROA, (3) ROE, and (4) TSR against TOPIX growth rate, which MHC has set as numerical goals, etc. in the Medium-term Management Plan, are set as indicators (KPIs) for the performance evaluation.
- By using a trust framework, MHC's shares, etc. corresponding to share conversion points, which are calculated using the following formula, are provided. Specifically, one share of MHC or a corresponding amount of cash per point is delivered. In principle, the portion of MHC's shares possessed in the trust are converted into cash value therein, and compensation is provided in the form of Company shares and cash at a percentage of 50:50.

Share conversion points =

the number of points granted corresponding to the position and the number of months in office of the relevant person.
(the aggregate number of points during the three-year period of the Medium-term Management Plan multiplied by the performance-linked factor based on the level of achievement of KPIs (ranging from 0 to 150%))

<Malus and Claw-back Clause for Stock Compensation and Shareholding Policy>

- As for stock compensation, the points or share conversion points that have already been granted can be confiscated, and money equivalent to MHC's shares, etc. that have already been delivered reclaimed, in the case of a material violation of the office regulations or internal regulations, resignation for personal reasons during the term of office against the will of MHC, gaining employment at a competitor without MHC's permission, etc.,
- MHC recommends the holding of its shares by its Directors. Further, in principle, Directors shall continue to hold MHC's shares obtained during the term of their office until the time of their resignation, regardless of the number of shares held.

③ Other Compensation

When it is necessary for Directors (excluding Outside Directors and those who are Audit & Supervisory Committee Members) to reside in an area away from home due to a transfer resulting from a change of duties or base, MHC provides such Directors with appropriate company housing. (The difference between the total rent per month required by MHC to rent company housing and the total company housing rent per month collected from the Directors will be referred to as "non-monetary remuneration related to the provision of company housing.") The company housing shall be properties of a general and standard level, and the upper limit of rent by title and region shall be established beforehand. The company housing rent to be calculated based on the predetermined rate (when the total rent exceeds the limit, all of the excess amount is added to the amount for collection) shall be collected from Directors as their own expenses. (Currently, company housing is provided to no one eligible for this compensation.)

3. Timing and Conditions of Remuneration Payment

- Base remuneration is a fixed amount and paid on a predetermined date every month.
- Bonus amounts are decided based on the performance in the previous fiscal year (April to March of the next year) and paid on a date after a General Meeting of Shareholders held in June every year.
- As stock compensation, points are granted at the end of every fiscal year (the end of March) corresponding to the position and the number of months in office of the relevant person. In principle, the aggregate number of the said points of three years is multiplied by the performance-linked factor to calculate share conversion points, based on which MHC's shares, etc. are provided in July of the final fiscal year of the Medium-term Management Plan period (three years).
- Non-monetary remuneration related to the provision of company housing is paid every month, separately from the base remuneration.

Compensation Type	Payment Timing	Subject Period

Bonus	After an annual General Meeting of Shareholders	Previous fiscal year (April to next March)

* (b) MHC's shares, etc. are provided based on the share conversion points calculated by multiplying the number of points aggregated during the Medium-term Management Plan period by the performance-linked factor.

4. Method of determining Remuneration, etc. and the Overview of Procedures and Activities of the Committee

- MHC decides details of the remuneration, etc. of Directors (excluding persons who are Audit & Supervisory Committee members), determination policy, and other relevant matters at a meeting of the Board of Directors, after the Compensation Committee, the majority of which consists of Independent Outside Directors, deliberates those matters. In addition, the Compensation Committee deliberates the validity of the amount and composition of remuneration every year based on the remuneration-related data provided by an external specialized institution.
- Members and chairperson of the Compensation Committee are selected by the Board of Directors, and the committee makes decisions by a majority of committee members attending. It is stipulated in internal rules that the Board of Directors shall make decisions in deference to the decisions made by the committee.
- MHC considers it useful for persons who are well-acquainted with individual operations and MHC's circumstances to flexibly determine the specific amounts, based on certain standards, of base remuneration and bonuses and non-monetary remuneration related to the provision of company housing to be paid to Directors (excluding persons who are Audit & Supervisory Committee members). The following measures are being taken so that the authority of the President & CEO. They shall be determined at the discretion of the Representative Director, President & CEO (Taiju Hisai) up to the limits approved by resolution of the General Meeting of Shareholders, based on the policy resolved by the Board of Directors and Compensation Committee. The following measures shall be taken so that the authority of the President & CEO will be exercised appropriately. [Measures to ensure the Proper Performance of the Delegated Authorities]

- Base remuneration shall be determined based on a certain standard (remuneration table) to be established beforehand by the deliberation at the Compensation Committee.
- The following measures shall be taken for performance-based bonuses.

 - Report the results of the company-wide evaluation and the amounts of bonuses to the Compensation Committee after the fact and have them verified.

The following measures shall be taken for the bonuses based on the responsible duties

- Evaluate the results for the responsible duties individually based on this evaluation sheet, report the amount of bonuses to the Compensation Committee and have them verified.
- As stock compensation, points corresponding to the position and the number of months in office of the relevant person at the end of every fiscal year are granted based on the prescribed standards as per the regulations for share delivery, which are resolved by the Board of Directors. In principle, the performance-linked factor, which is determined upon completion of the Medium-term Management Plan every three years shall also be as per the regulations for share delivery.

- Regarding non-monetary remuneration related to the provision of company housing,
 - The company housing shall be properties of a general and standard level, and the upper limit of rent by title and region shall be established beforehand.

IV Sustainability, Human Capital

IV-1 Actions on Sustainability and Investment in Human Capital and Intellectual Property, etc. (Principle 2.3, Supplementary Principle 2.3.1, 3.1.3, and 4.2.2)

1. Efforts on sustainability

MHC believes that Efforts toward sustainability—among them, protecting the global environment, respecting human rights, and embracing diversity—are an essential responsibility to society that corporations should fulfill. To continue to survive, corporations must pursue long-term growth while gaining the trust of their stakeholders by engaging in business activities that seek to resolve environmental, social, and economic issues.

With this fundamental understanding, and to lead and promote sustainability-based management, MHC established a Sustainability Committee to better contribute to the realization of a sustainable and prosperous future. The Sustainability Committee is an advisory body to the Executive Committee, and aims to lead and promote sustainability efforts in a way that is unified with the management strategies. The Sustainability Committee is chaired by the Head of the Corporate & Strategic Planning Division, and its members comprise Executive Officers in charge of business departments and the corporate center,

including the President & CEO. The committee implements a wide range of activities—including checking the progress of activities and the level of achievement of targets in non-financial sectors, deliberating over new activities, and discussing non-financial indicators—and reports the results to the Executive Committee and the Board of Directors.

As described in [Materiality] (page 26), MHC has identified the materiality issues as priority key challenges which must be addressed to achieve the sustainable development of the Group. The Basic Sustainability Policy consists of and integrates “Our Mission”, “Our Vision”, and the materiality. In light of the significance of these materiality issues, the Group will proceed with effective management and business activities aimed at solving the issues.

Please refer to MHC’s website for details of our efforts on materiality.

2. Investment in Human Capital and Intellectual Property, etc.

(1) Initiatives Related to Human Capital

① Direction of Strategy

The MHC Group recognizes that accumulating and utilizing human capital is an important issue to improve corporate value through the realization of its Basic Management Policy and the medium- to long-term management direction. In particular, to realize the SX/DX and business portfolio transformation shown in the Medium- to Long-term Management Direction and achieve performance indicators targeted by the Group, the Company will secure and utilize necessary human capital in terms of both quality and quantity.

② Themes that we want to accomplish

In securing and utilizing human capital (qualitative shift in human resources and securing the quantity of human resources), we uphold two themes to be accomplished in the medium to long term.

What we want to accomplish (a) Fulfillment of a talent portfolio Develop and secure human resources contributing to the Company’s realization of strategies (quality and quantity)	We define the quality and quantity of human resources necessary to realize the medium-to long-term management direction and visualize a talent portfolio. We understand the disparities between our necessary human resources and current human resources in terms of quality and quantity and implement measures for filling them to supplement necessary human resources.
What we want to accomplish (b) Maintaining and improving MHC Engagement	Our Group defines the efforts of employees working together toward value creation as MHC Engagement. We are engaged in maintaining and improving the three elements comprising MHC Engagement: self-motivation (whereby employees work of their volition), diversity (whereby diverse employees can combine diverse ideas), and working environment (whereby employees can exercise their self-motivation and diversity to the fullest extent).

③ Details of Initiatives

With regard to the above themes to be accomplished, we will give priority to working on the two matters, redevelopment of the human resource management base and creation of a system for maintenance and improvement in MHC engagement.

	Details of Initiatives
Reconstruction of the Human Resource Management Base	<p>The MHC Group has collected/accumulated information on human resources and used it for utilization of human resources (allocation and development) to date.</p> <p>Going forward, for “What we want to accomplish (a) fulfillment of a talent portfolio,” we will reconstruct the human resource management base, define types of human resources necessary to realize the medium- to long-term management direction, and then further understand human resources and conduct the human resource development that contributes to a qualitative shift.</p> <p>In understanding human resources, we handle qualitative factors such as experience, knowledge, skills, and competency in addition to the quantitative perspective, including the number of employees. In human resource development (qualitative shift), we identify qualitative issues to fulfill a talent portfolio and take measures for capacity development.</p> <p>Moreover, we will improve the accuracy of matching between human resources and jobs by systematically organizing information on jobs, in addition to information on human resources, to further ensure that the right people are placed in the right jobs.</p>

	Details of Initiatives
Creation of a System for Maintenance and Improvement in MHC Engagement	The MHC Group has identified current issue areas through an engagement survey and implemented improvement activities to date. Going forward, we will set MHC engagement indicators and strive to maintain and improve them. We will continuously realize the status of high engagement as the entire Group, ultimately securing the quantity of human resources.

④ Indicators and Targets

Visualizing the level of talent portfolio fulfillment and enhancing the analysis of engagement survey results are set as non-financial targets of the 2025 MTMP. Quantitative targets for both of them are planned to be disclosed at the time of announcing the financial results for FYE3/2025.

(2) Intellectual Property Strategy

MHC is also enhancing the use of computerized information (software and database), innovative property (R&D and licenses), economic competencies (talent (human capital) and organization) and other intangible assets, regarding them as important for sustainable growth. We strive to develop a framework to encourage innovation in order to improve profitability and accelerate growth by continuing to create new businesses, and steadily execute DX strategies and expand DX-related new businesses and products in order to achieve our goal of providing high value-added services and improving productivity through the use of digital technologies and data. At the same time, MHC is working to develop talent who are positive about creating innovations and digitalization by promoting self-development of employees, such as promoting the acquisition of related qualifications as a part of the education system.

3. Impact of Climate Change-related Risks and Revenue Opportunities on MHC's Business Activities, Revenue, etc.

MHC promotes its unique and advance business with consciousness of global environment to solve social issues. Especially, climate change exerts a grave impact on the global environment, including its ecosystems, as well as on people's lives and business activities. It believes climate change constitutes a major risk confronting the MHC Group, and simultaneously, may also bring new business opportunities. To clearly specify its policy, it is supporting recommendations by the Task Force on Climate-related Financial Disclosure (TCFD).

Furthermore, recognizing the importance to disclose climate-related financial information, it also endeavors to play its part in the realization of international targets identified by the United Nations Sustainable Development Goals (SDGs) and the Paris

Agreement. To this end, it will act in collaboration with other Group companies as well as a broad range of stakeholders, including government agencies, external business corporations, and industrial associations to realize society's transition with decarbonization.

MHC will address information disclosure in line with the four thematic areas (governance, strategy, risk management, metrics and targets) of the TCFD recommendations to enhance disclosure regarding climate change. At the same time, it will emphasize environmentally-conscious efforts through customers' business and the efforts to reduce greenhouse gas emissions of the Group.

For details, please refer to "Information Disclosure according to Four Disclosure Items suggested by TCFD Recommendation" in the Annual Securities Report for the 53rd Fiscal Year (page 25 for (i) Governance, page 26 for (ii) Risk Management and (iii) Strategy, and page 27 for (iv) Metrics and Targets.)

	Short Term (Every Year)	Medium Term (to Fiscal year 2030)	Long Term (to Fiscal year 2050)
Scope1 and Scope2	Energy usage in Japan: Reduction by 1% compared to the prior fiscal year	Reduction by 55% compared to fiscal year 2019	Net zero

IV-2 Ensuring Diversity in Key Personnel within the Organization (Supplementary Principle 2.4.1)

[Views on ensuring Diversity]

We position the promotion of diversity, equity & inclusion as an important management strategy for the further expansion of the Group's business domains and global operations, with our basic policy to foster a vibrant organizational culture that can create new value by bringing together a diverse group of human resources who can leverage one another's strengths and bring out the most of each person's motivation and talents.

One of our action principles is "Diversity: Embrace diversity and respect each other." With this as the foundation, we aim to realize a vibrant organization that can create new value by bringing together a diverse group of human resources who represent a broad range of individual attributes such as nationality, age, and gender; and differences in life stage, experience, and values; and who can leverage one another's strengths and bring out the most out of each person's motivation and talents.

Please refer to MHC's website for details of the promotion of diversity, equity & inclusion,

https://www.mitsubishi-hc-capital.com/english/sustainability/social/employees_and_families.html

<Women>

We have formulated an action plan based on the Act on Promotion of Women's Participation and Advancement in the Workplace and strive to promote women's success. We have introduced systems that encourage the long-term employment of women and support their career development through rank-based training, dispatch to external training, and other opportunities. The percentage of female managers as of March 31, 2024 is 16.0% (non-consolidated basis).

We will strive to further increase the percentage of female managers through proactive personnel development.

<Foreign Employees>

MHC continues hiring activities not bound by nationality, and there are approximately 20 foreign employees (non-consolidated basis) as of March 31, 2024.

MHC has recruited and hired persons with necessary attributes and capabilities according to the business environment as appropriate, regardless of nationality. After hiring foreign nationals, MHC provides an environment necessary for such employees to demonstrate their abilities, such as opportunities for education and promotion (rank-based training, training for selected employees, e-learning, etc.) equivalent to those for Japanese employees.

While there are currently no foreign employees working as managers, MHC will promote the appointment of foreign employees as managers through initiatives to develop diverse talent.

Meanwhile, local talent accounts for about 50% of the managerial positions of overseas Group companies as of March 31, 2024. MHC continues the appointment of foreign employees aiming to realize strategic management based on the characteristics of each country and region.

<Mid-career hiring>

Mid-career hires account for about 25% of the managerial positions of MHC (non-consolidated basis) as of March 31, 2024. MHC has recruited and hired persons with necessary attributes and capabilities according to the business environment as appropriate, regardless of past career. To advance the evolution and layering of our business models, which is announced in the Medium-term Management Plan, in mid-career recruitment we seek to hire experienced professionals from each industry

in which the Group operates. We also engage in recruitment activities that cast a wider net to attract potential talent with skills and ability that can contribute to each field of the MHC Group in the future. As measures to enhance our recruitment framework, we have developed schemes for referral-based recruitment in response to employee introductions and alumni recruitment to re-hire employees who have resigned in the past as part of efforts to recruit from a diverse pool of talent and secure sufficient quantities.

On the development front, we train generalist human resources geared to function in various departments, but we also develop and cultivate professionals to lead business areas. In recent years, in particular, aiming to sophisticate and globalize our business, we have established a development support system including external seminars and acquisition of professional qualifications to improve highly specialized skills required in each domain. We are also making efforts to develop leaders with a view to promoting them to manager positions.

MHC continues to implement proactive measures to develop mid-career hiring, aiming to maintain and raise the ratio of mid-career hiring in management.

MHC will continue efforts for maintaining and raising the ratio of mid-career managers by actively developing mid-career hiring.

V Relationships with Stakeholders

V-1 Polies for the Establishment of Systems and Efforts for promoting Constructive Dialogue with Stakeholders (Principle 5.1)

With the recognition that it is one of its social responsibilities to ensure transparent and sound management while emphasizing initiatives to achieve sustainable corporate growth and a medium-to long-term improvement in corporate value, MHC pursues proactive and constructive dialogue with shareholders.

With the Corporate Communications Department and the General Affairs Department serving as the primary point of contact, MHC has established a system for collaboration with the Corporate & Strategic Planning Department, Accounting Department, etc. to implement the following initiatives.

- Financial results briefings are held twice each year, after the announcement of full-year financial results and second quarter financial results, in which the President & CEO and management provide explanations and also answer any questions that are asked.
- MHC's management, the Corporate Communications Department, and the General Affairs Department conduct individual interviews with domestic and foreign shareholders and institutional investors, and IR and SR activities, such as participation in briefings and various conferences.
- MHC provides a wide range of information such as the movies of financial results briefings and materials with scripts, and summaries of Q&A sessions on the corporate website to investors including individual investors. In conjunction with this, MHC participates in IR events and various briefings for individual investors which are organized by securities companies and stock exchanges.

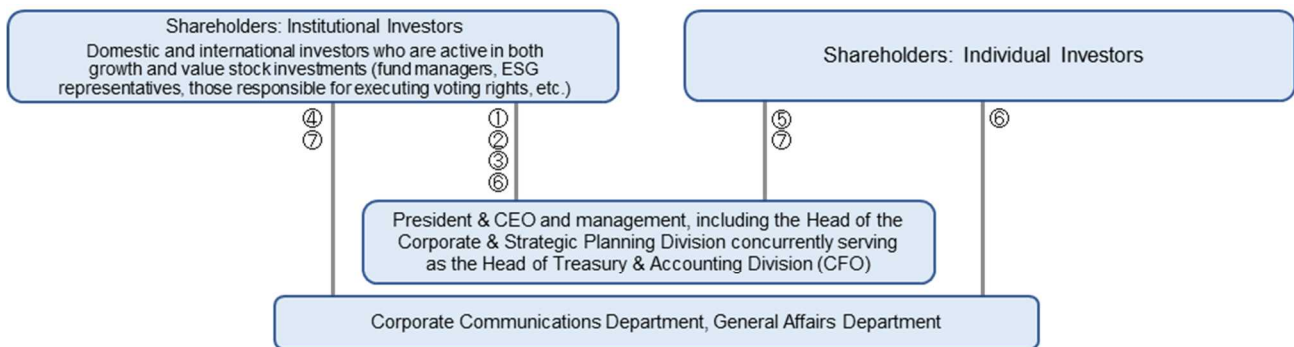

Opinions and concerns expressed in the dialogue with shareholders are promptly reported to MHC's management. In addition, those are regularly reported to the Board of Directors so that the information is shared with Independent Outside Directors as well. MHC appropriately and carefully manages insider information, in accordance with MHC's internal rules, and also discloses such information in accordance with the information disclosure policy. Please refer to the corporate website for the information disclosure policy:

V-2 Procedures for approving related Party Transactions (Principle 1.7)

When MHC engages in transactions with its own Directors or Audit & Supervisory Committee Members and with major shareholders (i.e., related party transactions), it establishes the following systems and procedures to ensure that such transactions do not harm the interests of MHC or the common interests of the shareholders:

- The Compliance Manual, which compiles the basic policies for promoting compliance by the Group, clearly prohibits transactions that constitute conflicts of interest and preferential transactions.
- When a transaction takes place between MHC and its Directors or Audit & Supervisory Committee Members, the appropriateness of the terms of the transaction, as well as the manner of determination thereof, are deliberated in advance at meetings of the Board of Directors before a decision is made.
- In view of the importance of MHC offering credit to major shareholders and to MHC's subsidiaries, when the amount of credit exceeds a certain percentage of total assets, based on the internal rules, the appropriateness of the amount of the credit offering, as well as the manner of determination thereof, are deliberated in advance at meetings of the Board of Directors before a decision is made regarding such credit offering.
- Regarding deliberations and resolutions of the Board of Directors concerning transactions between MHC and a company in which MHC's Director concurrently serves as an officer, the fairness of the deliberations is guaranteed by requesting such Director to recuse from participating in them.
- Audit & Supervisory Committee Members and the Accounting Auditor audit the status of transactions between related parties.

VI Other

VI-1 Policies for Cross-shareholdings and Basis for exercise Voting Rights (Principle 1.4)

1. Policies for Cross-shareholdings

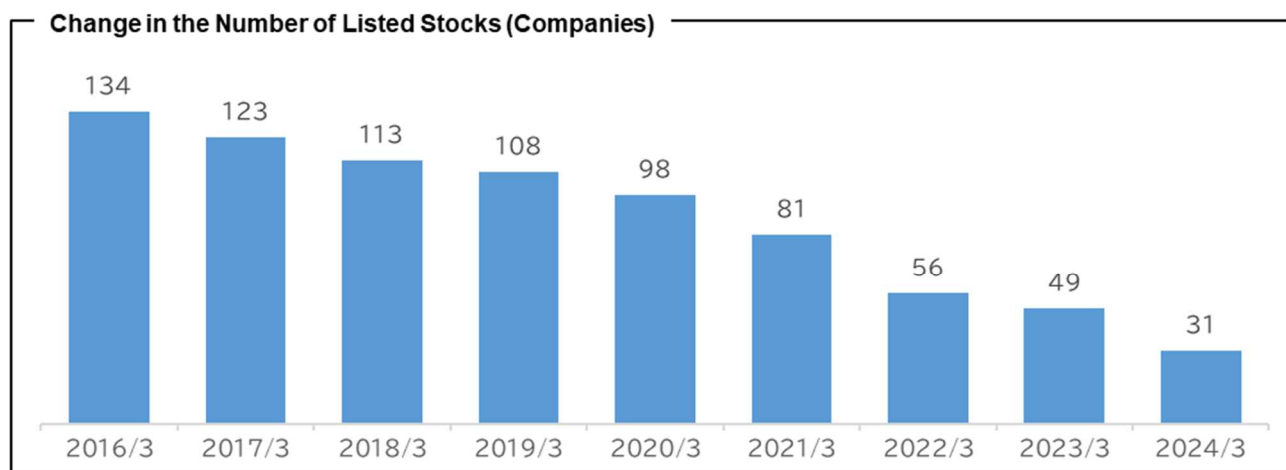

Under the corporate policy for enhancing its corporate value, MHC holds listed shares for purposes other than pure investment (targeting gains primarily through fluctuations in the value of shares and the receipt of dividends), such as ① and ② below:

- ① Developing stable and long-term relationships with business partners and promoting business
- ② Strengthening such relationships based on capital/business alliances, and creating new business opportunities

In its cross-shareholding practice, MHC's basic policy is to regularly examine if it is rational to hold each share and sell such strategic shares that are judged no longer rational to hold, after gaining understanding of its business partners while considering the impact of sales on businesses and markets.

Even when it is judged as rational to hold shares, MHC may sell such shares in consideration of the impact of the risk of mark-to-market valuation fluctuation of the shares on MHC's finance, capital efficiency, etc.

The change in the number of listed stocks held since March 31, 2016 is as follows. The number decreased from 134 to 31 as of March 31, 2024.

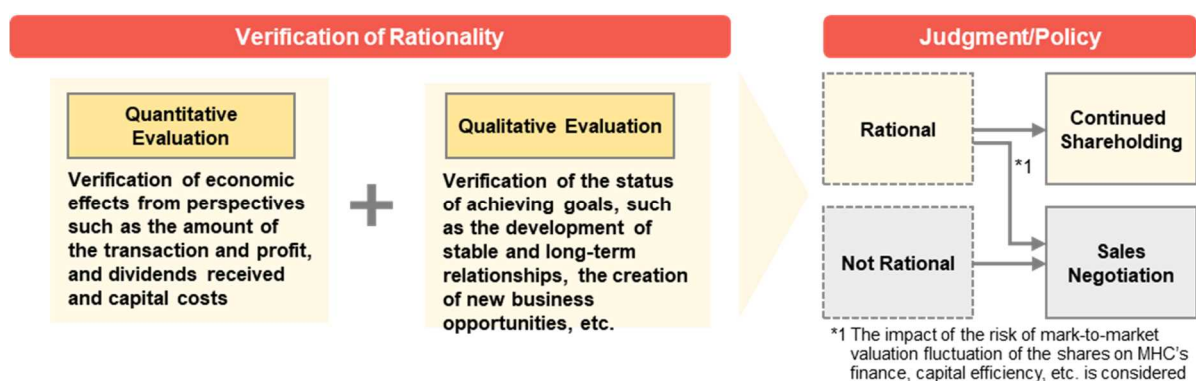

(Note) The numbers for March 2016 to March 2021 are the total of those from the former Mitsubishi UFJ Lease & Finance and Hitachi Capital. The numbers for March 2017 to March 2021 do not include the number of business partners' stocks held by both companies.

2. Method for verifying the Rationality of Cross-shareholdings

MHC's cross-shareholding policy is decided based on (i) and (ii) below and its rationality is verified at the Board of Directors. (See the figure below)

- ① A quantitative evaluation based on factors including the size of business transactions/profit, dividends received, and capital costs;
- ② A qualitative evaluation of the business activities to date and potential business opportunities in the future.

3. Verification of the Rationality by the Board of Directors

The Board of Directors examined the listed shares using the manner in 2. Above at the Board of Directors meeting held in fiscal year 2023.

4. Basis for exercising Voting Rights

MHC exercises its voting rights for cross-shareholdings in light of the purposes described in 1. above.

Concerning the following agendas which MHC thinks may affect the enhancement of corporate value and the sustainable growth of MHC and its business partners over the medium-to long-term, MHC exercises its voting rights after carefully verifying their details and potential impact:

- Agenda on the disposal of surplus
- Agenda on the election of directors and auditors
- Agenda on organizational restructuring
- Agenda on anti-takeover measures, etc.

VI-2 Roles of Corporate Pension Funds as Asset Owners (Principle 2.6)

MHC integrated the fund-type corporate pension plan into the contract-type corporate pension plan in April 2024, which had been in operation since before the business integration in 2021. MHC has constructed the system below to fulfill the functions expected of an asset owner.

- The pension system is operated through appropriate asset allocation by defining a policy asset mix (an asset allocation plan for the entire pension system to be formulated on a medium- to long-term basis) of pension assets in order to secure long-term returns, with the aim of ensuring asset management that secures a stable source of benefits in the future.
- MHC established the “Basic Policy Concerning the Management of Pension Assets” to address conflicts of interest between the beneficiaries of the corporate pension plan (employees) and MHC, with a view toward maximizing the interests of beneficiaries.
In particular, it conducts appropriate decision-making in consideration of (1) rigorous evaluations by an asset management institution based on evaluations by a specialized body on “qualitative evaluation, primarily of business operations, reputation in society, and investment policies (stewardship code, policy on ESG initiatives, etc.)” and (2) the opinions of the Asset Management Committee.
- Members of the Asset Management Committee who are selected from among persons with experience in corporate pension work to develop further knowledge by participating in training sessions and seminars conducted by asset management institutions and other organizations.
